

Risk Dial July 21, 2022

Risk Dial for COVID-19
Two Rivers Public Health
Published July 21, 2022

- 662 cases of COVID-19 were recorded in TRPHD between June 22 – July 19 (4 weeks). About 150 new cases were detected per week for the past two months in the district.
- In the past 2 months, Kearney city has recorded about 75 new cases per week, barring one week in early July when cases rose by 50%.
- 147 COVID cases were reported in TRPHD in the last week. 32% of all COVID tests conducted at hospitals and clinics in the past week have been positive.
- As of July 20, 54% of the total population of TRPHD has received the minimum prescribed dose of the COVID-19 vaccine. Half of the people fully vaccinated have received at least one booster, including 75% of those aged 60 years and over.
- As of Wednesday morning, 38% of ICU beds and 32% of Medical/surgical beds in TRPHD are available, COVID accounts for less than 10% of current ICU admissions
- TRPHD offers COVID testing at the Two Rivers Public Health Department office at 516 W. 11th Street, Kearney. Testing is offered Mondays & Wednesdays 9:30AM – 10:30AM. Those interested are required to register at <https://login.registermytime.com/tw/2rphd> for scheduling.
- TRPHD strongly urges all unvaccinated vaccine-eligible residents to avail of the COVID vaccination or booster shots through their healthcare provider, pharmacy or TRPHD. For schedule of vaccination clinics, see www.trphd.org
- For these reasons, the risk dial is the same as the previous week, within the 'moderate risk' (yellow) zone. The dial reflects a steady rate of new COVID cases detected and COVID-related morbidity events across the district in keeping with the previous two months.

Weekly report Jul 13 - Jul 20, 2022

Summary

To conclude, 147 new COVID cases were detected in the Two Rivers area in the last week, roughly equal to the average number of cases in the preceding 8 weeks. Over 13% of all COVID tests in the district in the last month (including routine testing) were positive. 32% of Medical/Surgical beds and 38% of ICU beds are currently available across the district. Over half of TRPHD's population is fully vaccinated, and half of those have received at least one booster dose. TRPHD has scheduled vaccination clinics across the district, schedule can be found at <https://www.trphd.org/covid-19/event-calendar.html>. TRPHD is operating a public COVID testing site at the TRPHD office in Kearney 9:30 AM - 10:30 AM, Mondays and Wednesdays. Those eligible for vaccines or booster doses are advised to contact TRPHD or their physician or local pharmacy. To access services through Two Rivers health department, residents are required to visit www.trphd.org
