## **From Rain to Tap: Learning About Nebraska's Water & Well Testing**

KEARNEY – Two Rivers is excited to host 7 well water presentations across the district in March. These events are tailored to 5<sup>th</sup> and 6<sup>th</sup> grade students who want to learn about the water cycle across Nebraska through a fun and interactive experience. Through these exercises, students will learn how water and nitrogen move through Nebraska and the impacts of water quality on our health. A closed event at Franklin Elementary for their science students will kick off the series of events on Monday, March 9<sup>th</sup>. The other events will be open to the public and are listed below.

The events will take place on the following dates and at times:

- Holdrege Area Public Library @ 2:00 pm on Wednesday, March 11<sup>th</sup>
- Elwood Public Library @ 9:30 am on Thursday, March 12<sup>th</sup>
- Jensen Memorial Library- Minden @ 3:00 pm on Thursday, March 12<sup>th</sup>
- Hoesch Memorial Public Library- Alma @ 10:00 am on Friday, March 13<sup>th</sup>
- Lexington Public Library @ 2:00 pm on Friday, March 13<sup>th</sup>
- Kearney Children's Museum @ 10:00 am Thursday, March 26<sup>th</sup>

If you or your child would like to attend, we ask is that you show up and bring a ½ cup sample of your water for onsite testing.

### **ABOUT TWO RIVERS PUBLIC HEALTH DEPARTMENT**

Two Rivers Public Health Department engages collaborative partners, community leaders and the public to promote healthy lifestyles, provide preventative education, assure environmental quality, and create more healthy and safe communities for all who live within the district.
