Two Rivers Public Health Department engages collaborative partners, community leaders, and the public to promote **healthy lifestyles**, provide **preventative education**, assure **environmental quality**, and create more healthy and safe communities for all who live within the district.

Our Mission

Our Vision

TRPHD

envisioning a health district where all are able to safely and actively live, learn, work and play in their communities. Two Rivers Public Health Department facilitates collaborative, partnerships, and unique approaches that **educate, empower, and engage** local community partners, health providers, political decision-makers, community leadership, and the public

In short...

**A Healthier
community for all!**

Leadership

It is heartening to witness the continued support for public health initiatives in Nebraska. We thank each and every individual who has contributed. Public health is a crucial aspect of our society, and it plays a significant role in ensuring the well-being of our communities. From ensuring access to healthcare services for everyone to education on just about anything you can think of, public health initiatives have been instrumental in improving the health outcomes for Nebraskans. So we thank you for your support, time, and efforts!
